

Annual General Meeting of the IMA North West Branch
and Presidential Address

My Mathematics Bucket List

Professor Alistair Fitt CMath CSci FIMA
(Oxford Brookes University and IMA President)

Wednesday 8th May 2019

University of Manchester
Frank Adams Room 1, Alan Turing Building, M13 9PL

As one grows older, one can enjoy the chance to take a slightly more strategic and rounded view of mathematics. We've seen a great deal of progress in many areas of mathematics in the last few years, but what remains to be done and what are the biggest problems and challenges that we might be able to realistically do something about? Put another way, what mathematical achievements would I like to witness before I shuffle off this mortal coil and can they be put together in a traditional "bucket list"?

5:30 – 5:45pm	Light Refreshments
5:45 – 6:00pm	Annual General Meeting
6:00 – 7:00pm	Presidential Address
