Welcome to IMA Exponential, the mentoring programme which matches mentors and mentees from across the IMA membership. The scheme is open to all IMA members, regardless of their experience level or job role.

What is IMA Exponential?

Our platform has been designed to facilitate voluntary, mutually beneficial relationships between a more experienced member (mentor) and a less experienced member (mentee). The mentor provides guidance, support, and encouragement to the mentee, helping them to develop their skills and knowledge, and to achieve their career goals. Mentors and mentees can also manage their communications and meetings through the platform and can even register to be both.

Benefits of mentoring

Mentoring offers many benefits for both mentors and mentees, including:

For mentees:	For mentors:
- Increased knowledge and skills - Improved career development, confidence and self-belief	- Increased job satisfaction and fulfilment - Meet CPD requirements

3. Click on the link to create an account. You will see this page. You will need to enter your IMA credentials again after selecting which role you want to take on.

The image shows the IMA registration page. The header is purple with the IMA logo and navigation links: 'Create Account | Login', 'Learn More', and 'Need Help?'. The main content area is white. On the left, there is a 'Register' form. It has two radio buttons for role selection: 'I want to be a Mentee' (selected) and 'I want to be a Mentor'. Below these are input fields for 'Email address' (with a placeholder 'Please use your IMA account details') and 'IMA Password' (with a 'Forgotten password?' link). A green 'Create Account' button is at the bottom of the form. Below the button is a small disclaimer: 'The information you enter on the system will only ever be used as part of the mentoring platform. Read more about [how we handle and protect your personal information](#).' On the right, there is a white box with the text 'Already got an account?' and a green link 'Log in now'.

How do you feel you would be able to support a mentee?

Your key skills and areas of experience. It is important that you provide us with as much information as possible this will help the mentee to understand the level of support you can provide.
